1. On 23 March 1951, military units took over guard duty in the border area of Vscruby (Neumark, N 50/U 89) - Fleky (Flecken, N 50/U 89), replacing SNB troops who moved to the Baumann and Brunner Inn in Nyrsov (Hirschau, N 50/U 89). *
2. A military unit of about 50 soldiers was billeted in the customs house, the school building and a new building in Sruby (Heuhof, N 50/U 89). The soldiers were armed with pistols and submachine guns and were committed to border duty. They were posted in earth bunkers at the border.

* Comment. The military units are probably the new border guard units which are being organized along the western border of Czechoslovakia. The reorganization of border guard personnel in this area was probably effected as late as March, whereas the units in the other border areas were activated in January and February 1951.
